- Certificate of completion will be given by GiFT

GiFT (Global Incubation x Fostering Talents) is the non-profit organization based in Tokyo, Japan. Our mission is to promote Global Citizenship Education and to foster the Global Citizenship from Japan. GiFT's Global Citizenship Program "Diversity Voyage" has been offered in 8 different countries (Cebu, Kuching, Vientiane, Bangkok, Bali, Phnom Penh, Paro). Even though we are world-widely experiencing rocked-down/stay-at-home for COVID-19, it would be very important for us to seek for the ways to connect, collaborate, and co-create for the future world. Through this program, let's cherish our voice inside of us and express our global citizenship through zoom screen. With new friends you meet in this program, we will challenge ourselves to online-based Voyage together to make the happier world.

Due to COVID-19 situation, this Spring "Diversity Voyage in Kuching" will be held ONLINE, with great support from THE MIDIN EVENTS COMPANY. Therefore, we would like to invite 12 students in Kuching to join our "Diversity Voyage ONLINE in Kuching" with full-sponsorship for the program.
