

24 October 2023

OFFLINE CONFERENCE

Campus Politeknik Negeri Bandung (Polban), West Java Province, Indonesia

ONLINE CONFERENCE

Politeknik Kuching Sarawak, Malaysia

Background:

The International Seminar of Science and Applied Technology (ISSAT) is organized by Politeknik Negeri Bandung (Polban) to build a culture of international seminars and publications in the field of applied science and technology. The keynote speakers not only have international publication achievements but also industrialization experience from the results of research conducted in the engineering and non-engineering fields. ISSAT 2023 invites governments, academics, practitioners, and industries to talk together in an effort to Natural Resources Management for Environmental Sustainability.

KEYNOTE SPEAKER:

Professor Yean-Der Kuan
National Chin-Yi University of Technology, Taiwan

Professor Yean-Der Kuan is professor at National Chin-Yi University of Technology (NCUT), Taiwan. He has a BS degree in aeronautical engineering from Tamkang University, Taiwan, an MS degree in aerospace engineering from the Georgia Institute of Technology, and a PhD degree in mechanical engineering from the University of Missouri-Columbia. His research and teaching interests include computer-aided modeling and optimization of composite material molding processes and design and manufacturing of microelectronic devices, renewable energy, heat and flow simulation, energy saving.

Dr. Nur Zakiah Hani bt Dato' Dr. Kamarolzaman
Politeknik Kuching Sarawak, Malaysia

Dr. Nur Zakiah Hani bt Dato' Dr. Kamarolzaman is Doctor of Education from Technical and Vocational Education Training (TVET) Malaysia. She is lecturer at Kuching Sarawak

Polytechnic Malaysia. Her research and teaching interests: technical & vocational education and electrical engineering,

Prof. Dr. Ir. Andriyanto Setyawan, M.T.
Politeknik Negeri Bandung, Indonesia

Prof. Dr. Ir. Andriyanto Setyawan, M.T. is professor at Department of Refrigeration and Air Conditioning, Politeknik Negeri Bandung (Polban), Indonesia. His research and teaching interests: refrigeration & air conditioning, fluid mechanics, two phase flow, and energy conversion.

Call for papers:

Presented papers will be submitted to E3S Web of Conference indexed in Scopus.

Conference Scopes:

- ✓ Soil sciences
- ✓ Hydrology
- ✓ Geology

- ✓ Geography
- ✓ Energy engineering (production, distribution and storage)
- ✓ Renewable energy
- ✓ Sustainable development
- ✓ Natural resources management
- ✓ Materials Science
